

Hello Everyone in Nicola Lake Estates:

Peter and Cindy Ouimet here from Lot #47 Second Phase, 6648 Monck Park Road.

We will be having a **“FIRE PROTECTION DEMONSTRATION”** meet and greet at our lot on Saturday July 2nd 11:00 am to 2:00 pm. Refreshments and Hot Dogs will be served.

A representative from New-Line Hose & Fittings Dana Stagg will be present to give Fire Hose and Equipment demonstrations and answer any questions you may have on fire protection. New-Line is a UL Certified Goodyear Star Distributor and Easton Aeroquip Certified Factory Hose Assembler in business for 39 years, established in 1972. Visit www.new-line.com for informative resources including a 500 page on-line catalogue. We have bought our Fire Protection Equipment from Dana Stagg (New-Line) and Cindy and I have found his prices to be extremely good.

Dana will be bringing some items that you may want to keep on hand to protect your properties in case of a fire - Hoses, Fittings, Pumps, Hydrant Wrenches etc ...

Most of our properties at Nicola Lake are 300 – 400 feet deep so you may need multiple rolls of hose and some adapters to hook up to the hydrant.

Please RRSP by email (cindymemory@shaw.ca) or phone (250-315-1311) and let us know if you will be attending or if you can't attend and have some interest please let us know and we can steer you in the right direction.
