

Nicola Lakeshore Estates Inc.

MEMORANDUM

DATE: January 10, 2012

TO: All Lot Owners

FROM: Frank Rizzardo

SUBJECT: **DUMPING OF CONSTRUCTION WASTE IN RESIDENTIAL
WASTE AND RECYCLE BINS**

.....

It has been brought to my attention once again that there has been construction waste - specifically insulation, being dumped in both the residential and recycle bins.

As per the previous notice , please ensure your contractors know that they are **not** to dump construction waste into either of the above mentioned bins.

Any extra charges incurred due to the dumping of construction waste will be billed to the lot owners found to be responsible.
